

The goal of Devine Weims is to place each puppy or adult dog in a home where it will be cared for and loved for the remainder of its life. We've devoted many years to protecting, breeding and preserving the Weimaraner breed. For this purpose, we are selective as to where our Weimaraners are placed.

In the event that the owner of a Devine Weims puppy finds it necessary to place his/her Weimaraner in another home, Devine Weims will be contacted immediately and will be given first option to reclaim the dog or to assist in locating another suitable home for the animal. We do not sell puppies as breeding stock. Companion puppies are sold with the understanding that the dog will never be bred. All Devine Weims puppies, other than those sold as show/field competition prospects, will be placed on a limited registration and a spay/neuter contract ensuring this condition of the sale. All breeding and competition prospects come with a co-ownership.

Devine Weims certifies each puppy to be in good health and free from known congenital anomalies at the time of sale. Tails have been docked and dewclaws removed. Initial vaccinations are administered, and puppies will be de-wormed as necessary. Puppies are nominated for Futurity and Maturity with the WCA. Puppies come with 30 days insurance through your choice of AKC or Trupanion as well as discounted plans. All puppies come with a sales agreement signed by both parties.
